

2021 Crystal Valley Fall Grain Policies

The following Grain Policies are in effect as of 09/01/2021; but remember, this can change at anytime and we will try to provide advance notice of any changes.

There is a 10-day grace period for delivered grain. If you know how you want your bushels applied at time of delivery, please give instructions to your driver so he/she can let us know. If you are undecided on what you would like to do at that time, the grain will be put into open storage until we are notified. If the grain is not priced within 10 days of being delivered, storage will be charged from the date of delivery.

Service or Storage charges on both corn and soybeans for Delayed Pricing and Grain Bank will be \$.00164 per bushel per day or \$.05 per month with no minimum at this time. With the size of the crop still an unknown, we may be forced to reconsider putting on a minimum storage fee to protect your coop in the event that we are forced to ship unpriced grain. We will post a notice to inform you of any minimum storage rate that may be charged. Open storage or Warehouse receipts are available upon request at a rate of \$.00234 per day or \$.07 per month. Grain Bank corn delivered at harvest time will have no storage charges the first two months. A maximum of four months of projected grain bank corn usage will be allowed.

Corn drying charges will be \$.0225 per bushel per 0.5 point of moisture over 14% for open storage and warehouse receipt, and \$.0225 per each 0.5 point of moisture over 15% for cash, delayed price, grain bank and contracted. Shrink is 0.7% per 0.5 point of moisture.

Soybean moisture discounts will be 1% of cash price discount per 0.5 point of moisture at 13.1% and over; 2% of cash price discount per 0.5 point at 14.1% and over. Beans with a moisture content of 15.1% and over are subject to rejection or a 3% of cash price discount per 0.5 point.

Checks or ACH will be issued only on request. Please contact any of our grain offices if you would like us to settle bushels that have been delivered. If you know for sure you want any payments deferred into the next year, please let us know.

Off farm trucking will be offered this fall with no guarantees of our ability to accommodate all requests. We will require a minimum three-day notice to help us meet any of our customer's requests. We do not haul direct delivered grain at harvest time.

HTA fees effective 09/01/2021;

Corn \$.03/ Beans \$.05 2021 crop year

Corn \$.06/ Beans \$.10 2022 crop year

Corn \$.09/ Beans \$.15 2023 crop year

Corn \$.12/ Beans \$.20 2024 crop year

Rolling Fees \$.02 per bushel

Arbitrage Fee \$.03 per bushel

Crystal Valley has a mobile app that allows you to check our bids, your scale tickets, settlements, contracts, and storage positions at any time of the day. You can download the App in the App store for iPhone users or you can access the portal from our website under "My Account" & then "Patron Portal". If you have any questions on this or would like to be set up for our daily scale ticket email and e-signing contracts, please contact one of our Grain Marketers.

When Spot Pricing Truck Loads Across the Scale we will only spot the load when the patron calls a Marketer or an Admin person to notify them about their pricing decisions.
