

Energy Patron

Starting September 1, 2018, Crystal Valley will be discontinuing the discount on our Propane and Refined Fuels products. These items will be billed out at the cash price instead of the higher charge price, (5 cents on refined fuels or 10 cents on propane) and you will have the normal payment terms which is due at end of the next month.

If you received a summer fill, the discount is still available until 9/30/18.

Thank You

Crystal Valley Energy
